Be the best racing driver. Crazyfor Speed will give you an un peerless racing experience. Features: * Realistic graphics, physics and sound effect * Lots of sports cars and off-road tracks * Driver's license exam game mode and career mode * Upgrade and paint your cars Need for Racing: New Speed Car 1.6 APK Take part in high octane racing competitions in 10 different race modes. Drive 15 cars and dominate in 5 seasons in career mode. Features:- five seasons with different car classes,- lots of cars to choose from,- realistic driving mechanics,- many driving modes,- buy new cars,- modern and classic cars to drive,- progress through career mode, available racing modes:Race:Choose your car and compete with other drivers on the race track. Feel the need for speed and become the winner. Overcome difficulties in racing simulation. Duel:Only two cars on the track. Heat up the engine and feel the adrenaline rush when the race starts. the first with trecheckpoint and hit the jackpot. Survival:After each lap the slowest driver is eliminated. Chase other driver vehicles on asphalt tracks and avoid elimination by being fast and fast. Switch to underground tricks and become the champion. Fight in this driving simulation. Endurance:Speed racing is starting. The exciting sporting competition is about Launch the highest speed and reach as far as possible in inaccurate weather. Overtaking:The player starts as the last on the paved road. Drag competition would be your reality in the next few minutes. Watch out for drifts: they can lead to your defeat or victory. King of the Hill:Earn points for specific rally positions. Check speed and location and patiently collect points. Remember: do not take the risk unnecessarily; at the end of the day the points count. Domination:Keep up with the racing group for as long as possible and eventually match your opponent time with your opponent and become a winner or loser. Special section:Race on a special part - extremely difficult - of the track and to get the least time in the race. Top speed:The driver must reach the maximum speed on the specified part of the track.receive cups based on the speed result. Capture them all:Collect all items on the track as quickly as possible. Only this will guarantee you success in this race. Features are completely different from nfs features and this should be the argument to get players to install and play. The unique driving model - such as cars, not trucks or buses or planes - allows players to drift on asphalt tracks. In five different car classes players can test skills in different cars and tracks. Different driving models facilitate the pursuit in first place in every type of race: in the hills, highways or on paved tracks, no difference, each surface brings similar automatic control. Running in a real competition will sink you, all you need is a great success in automotive sport would be easier. Courage would also benic. High-speed road driving and racing on asphalt tracks have never been more exciting. Drift and drag gives you unusual, becomerfurious game mechanics, get fast when you try to win a race competition. Stuntson top gear in every turn - this is the best description of amazing parts of the game. Start the fast formula in 3d, no parking, just car fights.
